About Us

Plastic being the most versatile substance is used as packaging material to provide protection to goods and other products from damage. With complete knowledge of the utility of packaging material, we, Sri Lakshmi Vishnu Plastics, have been successful in achieving the status of an ISO 9001:2008 certified company. Founded in 1995, we have progressively excelled as one of the leading manufacturers and suppliers of quality packaging material in the industry. Working with full integrity to deliver cost effective and quality products, we produce an array of packaging material that encompasses Packing Bags like Pallet Covers, Polyethylene Bags, LDPE Packing Bags, etc, as well as Polyethylene Rolls and Films like LDPE Shrink Film etc. From global to local, our expanding footprints allow us to provide value to customers in terms of availability, quality and prices.

For more than a decade, we have been designing and developing plastic packaging for a broad spectrum of industries like cosmetic, craft, hardware, toys, foods, etc. Analyzing and understanding diversified needs of our customers, we create innovative and unique packing designs suited to the function and fragility of product's specification. Building on the adaptive philosophy, our flexibility coupled with our cross-functional approach to total customer satisfaction allows us to consistently improve our performance in the market. Combined with our manufacturing ability, our additional capabilities and managed services enable us to deliver creative solutions, while setting the standards for packing efficiency at cost effective prices. Reflection of continual innovation and uncompromising dedication in our services and products forms a critical component in our achievements. Thus, we believe in establishing long term partnerships with our clients, while demonstrating the essence of innovation in our products.
